The image shows a document page with a dark, high-contrast appearance. A horizontal line divides the page into two main sections. The top section contains several lines of faint, illegible text, possibly handwritten or typed, which are mostly obscured by the dark background and noise. The bottom section is mostly blank, with vertical lines running down the page, suggesting a structured layout like a table or form. The overall quality is poor, with significant noise and low contrast.

Surge Regt. Vol.  
In Charge

# Adjutant General's Office,

Washington, May 2<sup>nd</sup> 1865.

Sir:

In reply to your letter requesting a Descriptive List of Samuel Aldridge in Company B, 27<sup>th</sup> Regiment 48<sup>th</sup> Volunteers, I have the honor to furnish the following "Descriptive List" obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

## NAME, RANK AND REGIMENT, DESCRIPTION, &c.

Samuel Aldridge, a Private in Company B, 27<sup>th</sup> Regiment of 48<sup>th</sup> Volunteers, is 48 years of age; but no further "description" can be obtained from the files of this Office. He was enrolled on the 20<sup>th</sup> day of October, 1861, at the town of Brackensridge in the State of 48<sup>th</sup> by Col. P. M. H. S. S. S. and mustered into the service of the United States on the 21<sup>st</sup> day of March, 1862, at the town of Richmond in the State of 48<sup>th</sup> by Maj. J. H. S. S. to serve for the period of 3 years, or "during the war."

## ACCOUNT OF PAY.

It is stated on the Muster Rolls of his Company for the month of March 29<sup>th</sup> 1862 that he was last paid by Paymaster J. B. S. S. to the 19<sup>th</sup> day of November, 1861.

## ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing; it must be obtained, if obtained at all, from his Company Commander.

## REMARKS.

On March 29<sup>th</sup> 1862 he is reported "Absent Sick in Hospital Since Oct 24<sup>th</sup> 1862. Not Discharged."

Very respectfully,

Your obedient servant,

Samuel Aldridge

Assistant Adjutant General.  
(7)

To

Brig. Gen. J. H. S. S.  
Chief Muster & Dis. Officer  
Louisville 48<sup>th</sup>

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from the company commander; and, having been used by the proper officer to make out the soldier's final statements, should be endorsed with a statement to that effect by this officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be entered upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."

Adj. furnished Gen. and Nov. 25-71. H. G. O.

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h, h, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by or on behalf of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1380 Regulations, Edin. 1871.

Medical officers, in giving certificates of disability, are to make particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, catarrhs, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier, company commander, or other officer commanding the company detached to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them to the regimental, detachment, or post commander, who will forward them, with his own endorsement thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the soldier is discharged, and may be specially directed.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the rules of the proper authority, sign the soldier's discharge, and the last certificate on this subject; one that the soldier is furnished with the proper final statement in duplicate, and forward both of them to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given to the hands of the soldier.

Taylor Barracks  
Louisville Ky  
May 9. 1864.

To the

commanding officer of  
Hemp Barracks }  
Cincinnati, O. } Sir.

On yesterday  
I received the Descriptive List of Thomas Antho-  
ny of Co H 9th Ky, Vol. Inf.

I have the honor  
to inform you that the said Anthony  
belongs to my Company (Co I) instead of Co H.

I suppose that he gave it in as  
my purpose to deceive. The remainder of  
his military history agrees with the Company  
records pretty well.

You will please forward  
the gentleman to Lieut Col. J. H. Marshall, Provost  
Marshal of Louisville Ky. and we will  
try and provide for him. I rec'd notice  
from Capt. Foydich. Turkey Master in Cin-  
cinnati last summer that he had paid \$30  
for his apprehension. But I have never seen  
him as yet.

Respectfully,  
Your Obedt. Servant  
James C. Ciffey, Capt. Co. I 2nd  
Ky. Vol. Inf.

WOUNDED MEN are not known to the company commander, the certificate of any officer, or affidavit of other person, having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable cause for pension, special care must be taken to state the degree of disability—as *a, b, &c.*, &c.; to describe particularly the disability, wound, or illness; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by reason of the soldier, after a personal examination, and his disability, the nature, degree, and origin of which are correctly described in the within certificate."

Part. 150 Regulations, Art. 165). Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsion, strabismus, cataract, degeneration of the urinary organs, opthalmia, ulcers, or any obscure disease, liable to be cured or purposely produced; and in giving all such certificates be given with strict efficiency and exactness to detect any attempt at deception. (Part. 150 Regulations, Art. 165).

This conference will be made out in caption by the staff sergeant commanding, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward those papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to field-grade commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the responsibility to discharge sicked men may be specially assigned.

These collections, after having received the action of the High Authority, to which they are required to be sent, will be distributed to the same degree to the regional, provincial and local authorities, who will, if the change is authorized by the national level of the proper authority, sign the military decorations and the certificates on this subject; in fact the medals in furnished with proper final statements to duplicate, and forward both of them to the various States to the African General United States Army, at Washington, D. C.; they will not, under any circumstances, be given to the hands of the soldier.

Colonel

Private Elijah C

Basham Co B was tried for desertion by a  
General Court Martial. Convened at Munf-  
ordville Ky by General Orders No 7 of which  
Col. W H Moore was President and sentenced  
to have one half of his head shaved in the  
presence Troops V to have be confined in  
some Military Prison for six months. We  
do not doubt the justice of the sentence. & The  
crime of the desertion should be severely pun-  
ished but owing to the extreme youth of this  
prisoner and his general good character at  
home the respectability of his family & his  
uniform good conduct before this offense we  
ask you to have him pardoned if it can  
be done. If he is not relieved by pardon  
& restored to favor in the company we fear  
his demoralization will be ~~irreversible~~ irredeem-  
able, he is thus entered on the Descriptive

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h, b, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last para- graph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

WAR, 1880 Regulations, Part 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, catarrhs, ulcers, or any obscure disease liable to be feigned or purposely produced; *especially* such cases shall be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS RE: 5.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward three parts to the regimental detachment, or post commander, who will give to the division commander, or if the troops are not attached to a division, to his division commander; or if the troops are not attached to a division, to his division commander, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated. From confirmation, after having received the return of the hospital surgeon, to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the commanding officer of the proper authority, sign the soldier's discharge, and send it to the hospital surgeon in duplicate, and forward three parts of the discharge to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given to the hands of the soldier.

Dept of the Ohio

Sir,

By "Section 2. Special Order  
No. 203 Department of the Ohio" I am "dishonorably  
dismissed the Service of the U. on account  
of utter incompetency and worthlessness".

Since receiving the above order (which  
is dated May 27<sup>th</sup> & came to hand June 6<sup>th</sup> 1863)

I have been trying to prevail on Dr.  
R. L. Huston Surg 27<sup>th</sup> Ky Inf. to favor me with  
a copy of the charges against me but he  
has failed to do so. replying to my first letter  
that he "was ordered by the Col. commanding  
the regiment to make out a statement of  
my "acts" while with the regiment which he did"  
but to my second letter asking him to give  
me a copy of that "statement" he has failed  
to reply.

Felling conscious that the charges are  
unjust I appeal to you, as a last resort, to  
grant me an opportunity to refute the charges.

I was a practicing physician when  
I entered the Army and preferred the  
position of Hospital Steward to a chance for

a commission in the line: and was given that position by Col. L. B. Sumner in consideration of giving up my commission to file a commission.

I enlisted under Col. Sumner on the 12<sup>th</sup> day of October 1861 and was engaged in recruiting until early in November when I entered upon the duties of Hospital Steward (or rather acting assistant Surgeon) when the regiment was ordered to England from 1<sup>st</sup> I was left at Southampton - 15 (after the Regiment was recalled) in charge of the care of the regiment and on the 20<sup>th</sup> Dec. reported with the men under my charge to the Regt. at Leamington. While there I was frequently ordered by the Surgeon to provide for the sick.

Subsequent to this, on the march from Shiloh to Corinth during the month of May, 1863 I was ordered by the Surgeon, frequently,

to provide for the care of the Regiment and upon one occasion was left in charge of all the sick of the brigade (19<sup>th</sup>) for two days. On the 26<sup>th</sup> of May 1863 I was ordered to the 17<sup>th</sup> Regt. Ill. on detached duty in Sharp's Regt. where I remained until June 30<sup>th</sup> 1863 when I was released and ordered back to my Regt. (37<sup>th</sup>) On the 4<sup>th</sup> July 62 I was taken sick and on the 20<sup>th</sup> August was left at Memphis

Hospital No. 2 Nashville Tenn. Application for discharge in my case having been applied for by Col. L. B. Sumner on Certificate of disability by Surg. Horton, approved by Col. Hays in 5<sup>th</sup> brigade and S. B. Nelson, Comd'g division. But was disapproved by Medical Director Murray because it was not made out on proper blanks form.

Col. Sumner neglected to give me a discharge when I was left at Nashville and S. B. Nelson & Latta Surg. 5<sup>th</sup> Div. D. I. in charge of Regt. No. 7 Nashville wrote to the Col. and made a blank one and wrote him to file it out and send it back but he never did it.

On the 3<sup>rd</sup> day of Nov. 62 I was returned to duty on orders of Genl. Hays 17<sup>th</sup> when I remained until March 29<sup>th</sup> 1863 when I was ordered to report to Louisville O. I. where I reported to Medical Director of the Post and soon transferred and to Hospital No. 8 and on the 16<sup>th</sup> April 1863 I was ordered by Medical Director Hays to Hospital No. 16 Jeffersonville Indiana where I remained on duty up to June 1<sup>st</sup> 63 when I received the order of discharge. Since receiving the order of discharge I have received authority from the 18<sup>th</sup> Regt. of 1<sup>st</sup> Div. to receive a commission for the 30<sup>th</sup> 3<sup>rd</sup> March 63. I have left my gun through but can not accept it.

Sir

Galt W. Booth

Hospital Steward of the 27<sup>th</sup> 1863 Vols. was enlisted as such on the 20<sup>th</sup> of Oct; 1861 at Stephensport Ky. by Col. C. D. Donnelake for said Regt. at the time he was enlisted. There were four Companies viz; A, B, C. and D. organized at that place. I was appointed Surgeon of said Regt. by Col. C. D. Donnelake on the 20<sup>th</sup> of Oct; 1861 and on that day entered upon the duties of my office with the four companies then at Stephensport. and remained with them for some time. When the Companies A and C were ordered away, and I was ordered to go with them. and Co's B and D remained at Stephensport and Galt W. Booth. Hospital Steward was ordered to remain with the two Companies. Before I left with Co's A & C I received a six months supply of medicines and Hospital Stores from the Medical Director at Louisville Ky. Having no transportation for either men or stores I left the Stores in charge of Galt W. Booth Hospital Steward with instructions that when the two remaining Companies were ordered to move that he would have the medicines and Hospital Stores securely packed and bring them with him to the place where the Regt. was to be organized, which was Elizabethtown Ky. But the said Galt W. Booth through gross negligence failed to have the Stores in his charge securely packed and a large amount was greatly damaged from said neglect. Also from his negligence a part of the medicines was lost and nearly all of the furniture belonging to the

Hospital. Consisting in part of. Blankets, Cots, bed. Sacks  
and was either lost or abandoned by him while on route  
to Elizabethtown N.Y. Some time <sup>in</sup> December 1861 eight  
Companies of Said Regt. met at Elizabethtown N.Y. and  
Galt W. Booth with an apology for his negligence was  
permitted again to enter upon the duties of Hospital  
Steward. I remained there with the Regt. until about  
the 1<sup>st</sup> of January 1862 attending to the Sick. And at  
that time we had a great many in Hospital with  
Mucos. Typhoid Fever and Pneumonia, I regularly made  
my prescriptions for the Sick and in my absence Galt  
W. Booth Hospital Steward would change them and  
make such prescriptions as would suit him, thereby  
endangering the lives of many of the Patients. About the  
1<sup>st</sup> of January 1862 I left Elizabethtown and went with the  
Regiment to the Gonzales Springs, Ky. leaving Dr. Sanders  
Appt. Surgeon and the Hospital Steward Galt W. Booth as  
Surgeon in charge of the Hospital at that place. I learned  
from Dr. Sanders Appt. Surgeon that Galt W. Booth could  
not fill many of the prescriptions in consequence of his  
ignorance of Pharmacy and Materia Medica. At one  
time I ordered the Chloride of Mercury to be given  
to a patient. and he afterward came to me and said that  
we had none of the medicine on hand. That we had  
used it all and asked if there was nothing that  
I could substitute for the Chlor. of Mercury. I told him  
to give the Calomel Calomel. and told him that, that  
was the technical for Calomel. Dr. Sanders made a  
similar prescription when he again neglected to put  
up the medicine for the Patient in consequence of not  
knowing what the medicine was. I fear he neglected to put  
up the medicine many times greatly to the injury of the

Patients. At another time I ordered him to put up an  
Expletant for one of the Patients who had Measles  
and when I returned to the Hospital I found the  
man suffering greatly from the effects of the  
medicine that he had taken and upon examination  
found that he had been giving the Patient very large  
doses of Capsicum and Indigo which was entirely  
different from the prescription that I had ordered.  
Some time in March 1862 the said Dr. Shippey  
from Elizabethtown by Rail Road to Louisville Ky  
all the medicines and Hospital stores that were  
left at E. Town in his charge without marking  
them to Rochester Ky. at which place the Regiment  
was then Stationed. The stores reached Louisville  
and it was with much difficulty that we <sup>were able to</sup> find them. And when we found them and got them  
delivered to us at Rochester the medicines were greatly  
damaged by being badly packed. And all the furniture  
was more or less damaged through his gross negligence.  
Spades, picks, axes, bed pans, were all packed in bed  
sacks with blankets &c. The bed pans were nearly all  
broken and the blankets and bed sacks were all cut  
to pieces with the spades, axes, and picks. Quite a lot of  
medicines with the surgical instruments were carelessly  
thrown into a box and all greatly damaged while some of  
the instruments were entirely ruined being now worthless.  
Some time in April 1862 we landed at Shiloh Tenn.  
with quite a number sick and remained there until  
about the 1st of May when with the Army of the Ohio we  
commenced moving upon Corinth Miss. Galt W. Booth  
was ordered by the Brigade Surgeon and the Col. Comd. the  
97th Regt. to remain at Hospital Steward with the sick of the

27<sup>th</sup> Ky left at Shiloh, where the said Capt W Booth  
abandoned the Hospital and men left under his  
Charge and came to the Regiment while on the march  
about 10<sup>th</sup> <sup>between</sup> between Shiloh and Corinth, where Nelson  
Division was halted for a few days. Again he was  
ordered to remain and come up with the sick  
and convalescents, but he again abandoned the men  
and came up with the wagon train to the Regiment and  
made no apology for his Conduct. He then kept with  
the Regiment until we arrived in front of Corinth at  
which place Dr Sanders was ordered out in the field with  
the Regt. and I was ordered to Gen. Nelson's <sup>Division</sup> Hospital  
to help fix up for the expected battle. At that time  
we had about one hundred and forty patients in camp  
some of whom were very bad. I attended Surgeon Callery  
morning and made prescriptions for all the sick in the Regt.  
expecting that Capt W Booth would put up the medicines according  
to prescription. On several occasions I went to the camp  
and found that from his negligence that quite a number of men  
never had received any medicines or any attention from him.  
His failure was so repeated that I had to take a young man <sup>who</sup> that was act  
ward master or nurse and put in his place. I had tried him <sup>supper</sup>supper  
and had lost all confidence in his ability or willingness to do the duties  
of steward while in the field. From the time we left Corinth he  
was with the 17<sup>th</sup> Ky Vols until we arrived at Athens Ala. a period of  
about thirty days. At Athens he rejoined his Regt. and was ordered  
to duty but was taken sick in a short time and was sent to the  
Gen. Hospital at Nashville. and has never been with the Regt.  
since in consequence of pretended bad health.

to Galt W. Booth Hospital Steward.  
I know said Galt W. Booth to be

He is very negligent of his duties

is a great injury to the service.

If he were sent back to the Regiment

May 27<sup>th</sup> 1862

Capt W. H. Brady of Co A 27<sup>th</sup> Reg Ky  
Volts. having applied to me for a certificate  
on which to ground an application for  
a leave of absence. I do hereby certify  
that I have carefully examined this officer  
and find that he is very much debilitated from  
a severe attack of Typhoid fever, and that he  
now lies prostrated from which he has suffer-  
ed since about the 1<sup>st</sup> of May. And that in  
consequence thereof he is unfit for duty. And  
I further declare my belief that he will be  
wholly unfit for any kind of duty for  
a period of thirty days or longer. I therefore  
recommend a leave of absence for thirty days  
as part of his medical treatment.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *a, b, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are exactly described in the within certificate."

Par. 1380 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to state particular cases in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, disengagement of the urinary organs, catarrhs, ulcers, or any obscure disease liable to be injured or perpetually protracted; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTOR.

This certificate will be made out to duplicate by the soldier's commanding officer, or other officer receiving the certificate, and will be sent to the surgeon who has charge of the hospital where the soldier is kept. The surgeon will fill out and sign the original certificate, and forward three copies to the proper authorities, or post commander, who will forward them, with his written endorsement thereon, through the proper authorities, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the soldier is attached, and who may be specially directed.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized, give the endorsement of the proper authority, sign the soldier's discharge, and the certificate on this paper, and then the soldier is furnished with his discharge, and the certificate is forwarded to the proper authorities, and the certificate is forwarded to the Adjutant General United States Army, at Washington, D. C. They will not, under any circumstances, be given to the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person, having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h. 3, &c., &c.*; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by paragraph of the soldier, after a personal examination, and consent of the soldier, of the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1150 Regulations, Ed. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, epistaxis, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

INSTRUCTIONS.

This certificate will be made out in duplicate by the soldier's company commander, another officer commanding the company detached to a hospital, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward three copies to the regimental, detachment, or post commander, who will forward them, with his entire endorsement thereon, through the proper channels to the discharge of the soldier, or to a division, to his corps, department, or other commander or officer, to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channels to the regimental, post, or detachment commander, who will of the discharge is authorized by the endorsement of the proper authority, and the soldier is furnished with his certificate on this point; and that the soldier is furnished with the proper final endorsement in duplicate, and forward both of them to the Adjutant General United States Army, at Washington, D. C. They will not, under any circumstances, be given into the hands of the soldier.

NOTATION.

Book mat: 11285 B 1886.

War Department,

Adjutant General's Office,

Washington, May 22<sup>nd</sup> 1887.

This man deserted on or about

July 20<sup>th</sup>, 1862, and returned  
on or about April 22<sup>nd</sup> 1864.

As he was subsequently restored to duty by A. F. Q. No. 56,  
delivered during of the Civil War July 11, 1864,  
without trial, but upon conditions which appear to have  
been complied with (so far as not waived by the Gov-  
ernment), the charge of desertion no longer stands

against him. The record of the fact that he was absent  
in desertion from on or about February 20  
1862, to on or about April 22<sup>nd</sup> 1864,  
cannot, however, be expunged.

Dept of the Ohio

July 21<sup>st</sup> 1864

Wm. J. Campbell

A. S. G. Dept of the Ohio

Sir:

I have the honor to submit the following Statement in the Case of Private Hardin Carman Co. F 27 Ky Vol. Inf. Said Private Carman enlisted in said Co. on the 20<sup>th</sup> day of October 1861, received one months pay in advance from the State of Kentucky, was mustered into the Ky State Service Jan'y 20 1862, but has never been mustered into the Service of the United States. - About the 20<sup>th</sup> of Feby 1862 said Carman left his Company and Regiment at Grayson Springs Ky., and went to his home in Breckinridge Co. Ky where he remained until the 22<sup>nd</sup> day of April 1864 on which day he reported to his Company and Regiment in Louisville Ky., having been absent without leave for two years and two months.

I have reason to believe however that said Carman was persuaded to quit his Command and remain away, by his family and relatives, and being very young he yielded to their influence. The fact has been represented to me that he, twice, started to the Regiment, but was deterred from carrying out his good intentions by the urgent entreaties of his relatives and friends. Since coming to the Regiment he has made a good reliable soldier, and I have the honor to request that he be restored to duty.

with loss of pay for the time he was absent. He  
is now on duty with the Regiment -

I am Sir

Very Respectfully

Your Obedt Servant

August 21<sup>st</sup> 1864

My J. A. Campbell

A. A. S. Dept of the Ohio

Sir:

I have the honor to Submit the following  
facts in relation to Private Wm Karmann Co & 27 Ky V.S.  
Said Wm Karmann enlisted in 27 Regt Ky V.S. in October  
1861 and received one months advance pay from the State  
of Kentucky. In February 1862, before the Regiment had been  
mustered into the U.S. Service, he obtained leave from the Com.  
manding Officer to visit his home in Brickmudge Co Ky being  
at that time unfit for duty. He remained away without leave  
until the 28<sup>th</sup> day of May 1863 when he was arrested, brought  
to Camp 27 by General C. T. Marshall and sentenced "To  
perform all pay <sup>and allowances</sup> now due and to become due hereafter, and be  
employed a hard labor on some public work for the residue  
of his term of service". This sentence was confirmed by General  
Ord No 32 dated "Head Quarters District of Kentucky  
Louisville June 17 1863" issued by Brig Gen J. T. Boyle.  
Said Karmann has been performing hard labor on the  
military works at Manassasville Ky and at Camp Nelson  
Ky to this date. He has a wife and three small children  
at home who are dependent alone upon the charities of

their neighbors for a support. I am personally acquainted  
with said Leaman's family and know that they have no  
support. I respectfully request that said Leaman be  
restored to duty with his Co and Regt so that he can  
be re-enlisted into the U.S. Service and serve the remainder  
of his term with the Regiment. I also request that his  
pay and allowances be restored ~~for the~~ except for the time  
he was absent without leave. I request this for the sake  
of his family. Said Leaman bears a good name at  
home and I feel confident he will make a faithful soldier  
if permitted to serve with his Regiment from this time for-  
ward.

I am Sir

Very Respectfully

RECEIVED BY  
AND CORRECTED BY

NOTES.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received, or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other persons having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *h. h. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1860 Regulations, Edin. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, epithelium, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after careful and exact examination to detect any attempt at deception.

# DIRECTOR.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward three papers to the regimental, detachment, or post commander, who will forward them, with the action endorsed thereon, through the proper channel, to the division commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the proper final endorsement on this paper; or that the soldier is furnished with the proper final endorsement in duplicate, and forward both of these endorsements, directed to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given even the hands of the soldier.
